- ◉ In February, FANLAP learning center hosted PACE (a program to promote science education. PACE is composed of employees of CIBNOR, the Marine Biology center of the Northwest. Among the workshops they put on are the following:
 - A conference entitled “La Vida en el Desierto” (Life in the desert); another conference entitled “Biología, Conservación y Diversos Mamíferos Marinos en la Bahía de La Paz”, (Biology, Conservation and Diverse Marine mammals in the Bay of La Paz), and an exhibit of fauna endemic to the desert regions in Baja California Sur which included various experiments with respect to height and mass, movement and velocity, the use of a telescope and composition of solids and liquids.
- ◉ In March, the Biblioteca de los Niños de la Paz hosted INEGI “Instituto Nacional de Estadísticas y Geografía” (The National Institute of Statistics and Geography), which presented a workshop on GPS “Sistema Posicionamiento Global” (Global Positioning System) to approximately forty students of 7th and 8th grades from the local “Telesecundaria” (Television Junior High School).

A “Círculo de Lectura” (reading circle) stimulates imagination and creativity in the students. As part of this activity, a short film showed animated pictures that promoted concepts of solidarity, respect, harmony and other values.

Subasta

A SPECIAL THANK YOU

- **FANLAP SUBASTA 2014**
- **After holding the last Subasta which would take place at Marina de La Paz, we thought we would have to think of some new and different fundraiser for Fundación Ayuda Niños La Paz, A.C. (FANLAP); however, in a reunion of some of our volunteers in October, the consensus of the group was that the annual Subasta should continue. Our volunteers felt that it was very important to offer the members of the community the opportunity to purchase quality used clothing and other items at a reasonable price. They wanted to make this a family event where the parents would bring their children to enjoy the day, and where FANLAP could also earn money.**
- **Subasta 2014 was held this on December 7 from 9:00 am to 4:00 pm. What ended up being the perfect place was el Mangle, situated at the end of Calle Sinaloa with the beach. The results were much better than we dreamed was possible (speaking for myself, at least.).**
- **Thank you to our organizers, Andrea Gaume , Trini Ríos, Julia Magallanes, Mary Shroyer, Verónica Menchaca y Claudia Davidson (who did most of her work behind the scenes.) Many thanks to Jean Wise, who was in charge of Subasta 2012 and 2013, for sharing her expertise. Jean also made numerous petitions for help from the boating community and announced the event to the community on the VHF radio.**
- **Thank you to Sugar Rush, the DJ, who delighted us with his oldies but goodies from our youth...we don't have to say which decade that was, do we?**

- ◉ We are grateful to the businesses who offered donations for our silent auction and the raffle. These were: Marina Costa Baja, Marina de La Paz, Costa Baja Golf Club, Hyatt Place Hotel, El Mogote Golf Club, Azul Marino Restaurante, il Rústico, J & R Ribs, Santianos Pizza and Steinbeck Restaurant in Costa Baja. We thank you for your support; some of these have been donors for many years.
- ◉ Thank you to the following who had booths at the event and donated 25% of their income to FANLAP : " Evento la Puesta ", (Judith Alejandra Torres Salamanca), BajaWurst , (Susana Piruda), the cooks from Colonia Laguna Azul , Palomitas Malecón (Alberto León), Buey Cup, (Marcela Jiménez Acosta), Marcela Garay Álvarez who had the games from the traveling fair. Others who had booths were Leo Lestant and Berenice García Loza, J. Misael Mora García, Abrapalabra , Martha Vázquez , Malu Tamayo , María Eugenia García Lique, Leanys Romano and Beatriz Montiel, Julia Solís, Tanya Jamieson, Monserrat Ruiz , Pilar Fernández Aceves , David Binet , Adriana Borges , Norma García, Manuel Rojas and Loving Company (Andrea Gaume) .
- ◉ A very special thank you to Dra. Laura Treviño Carrillo, Director General of the "Consejo Sudcaliforniano de Ciencia y Tecnología" (Sudcalifornia Board of Science and Technology) and Octavio Pacheco who worked the day of the Subasta in the express planetarium, which taught children about planets and stars, and PACE (a program to promote science in education formed by a group of volunteers from CIBNOR "Centro de Biología Marina del Noroeste" (Marine Biology Center of the Northwest) for their exhibits and demonstrations of scientific experiments for the children and adolescents who were in attendance. Next year we'll have much more publicity beforehand so these exhibits will be better-attended, so the children know where they can find these exhibits.

- ◉ We are thankful to our worker bees, many of whom worked countless hours behind the scenes. Christina Campos and Michelle Martel began sorting the clothing in January of 2014, and Michelle and Ruth Hemmer worked as cashiers at the event. Thank you to Patsy Verhouven for her hard work in the clothing booth, and thanks to Max Winter and Beth Mathews, for helping make our work much easier.
- ◉ Thank you to Shirleen Kisrow and Teri Moore, who sold raffle tickets beforehand and during the event, and for handling the raffle during the Subasta.
- ◉ Thank you to El Mangle, especially to Mariana Flores, for offering a great place for this event. The Subasta took place 25 years in the installations of Marina de La Paz; we hope to have the FANLAP Subasta in el Mangle for at least another 25 years.
- ◉ We're grateful for the help of Julia Magallanes. Not only did she coordinate the event with the forty scholarship students who took turns, each working five hours before, during and after the event, but she was also the liaison between FANLAP and el Mangle. Julia also performed a lot of work behind the scenes.
- ◉ Thank you to Tanxel publicidad for the posters and the banner that was hung at the entrance of Marina de La Paz , and thank you to Marielena Calderón of Radio Fórmula for the spots they ran the last week before the Subasta , and to the radio program Panorama Informativo for the interview of Dulce Anyra Cota and Judy Peterson .

- Thank you, Tom Ireton, photographer, for once more taking such great pictures to preserve our memories.
- Above all, thank you to the people who came to spend their money, and those that bought raffle tickets and purchases in the silent auction. We could not have done this without you.
- The proceeds from this Subasta will be used to pay dining room expenses from January through May of 2015.

Thank you to Costa Baja for having the Christmas concert and Tree of Happiness to benefit the children of. We especially thank those who attended the concert and brought presents for “our children” to celebrate the fiest of the three kings on January 6.
